

“Building a Culture of Evangelism,” adapted from *Evangelism: How the Whole Church Speaks of Jesus* by J. Mack Stiles

**Big Idea:**

**God designed the church to be his primary method of evangelism, not programs.**

**Values and Behavioral Patterns of a Culture of Evangelism:**

- 1. A culture motivated by love for Jesus and his gospel**
- 2. A culture that is confident in the gospel**
- 3. A culture that understands the danger of entertainment**
- 4. A culture that sees people clearly**
- 5. A culture that pulls together as one**
- 6. A culture in which people make room in their lives for new believers**
- 7. A culture that models evangelism**
- 8. A culture in which people who are sharing their faith are celebrated**
- 9. A culture that knows how to affirm and celebrate new life**
- 10. A culture doing ministry that feels risky and is dangerous**
